History of OEO (Founded by Legislature in 2006)

Our mission:

We work with families, communities, and schools to navigate educational challenges and increase collaborative problem-solving so that every student can fully participate in and benefit from public K-12 education in Washington.

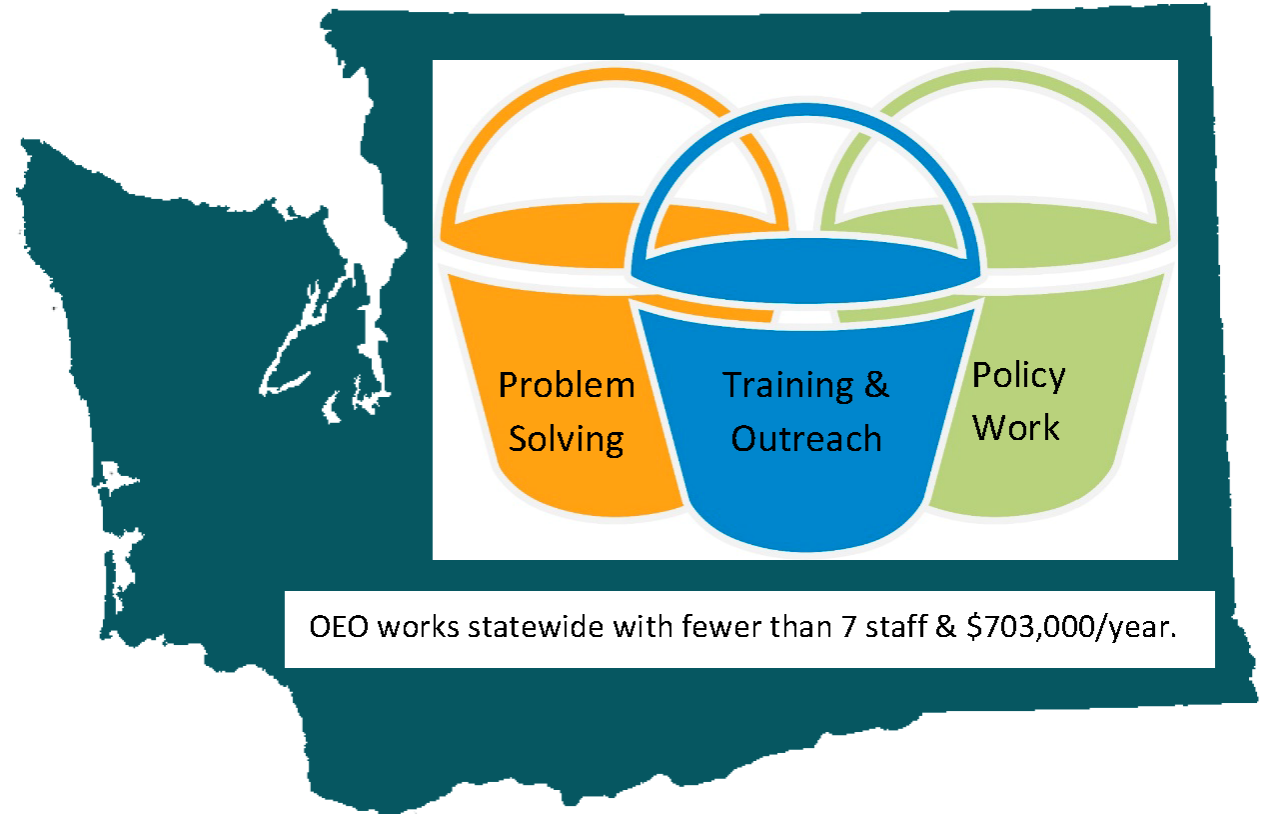

OEO's Role

We:

- Work statewide in our three roles (casework, training, and policy) to support students, families, and schools.
- Are: independent, informal, and impartial. We use collaborative problem-solving to resolve issues. Our work is free and confidential.
- Are not able to: investigate, enforce, provide legal advice, or promise certain outcomes.
